PROFESSIONAL SUMMARY

- B.Sc. CS graduate from Independent University, Bangladesh (May 2026), Minor in Communications.
- Full-stack developer skilled in Next.js, TypeScript, React, Node.js, PostgreSQL, and Tailwind CSS.
- Passionate about accessible, user-centered web applications and innovative tech for real-world challenges.

EDUCATION

Independent University, Bangladesh (IUB) — B.Sc. Computer Science, Minor in Communications | Jan 2022 – May 2026

- Coursework: Data Structures; Algorithms; Database Management; Web Development; Interactive Media
- Activities: Algorithm Project Showcase – TechFest; Paper Presenter; Organized Harvard Health Systems Innovation Lab Hackathon 2026, UIU

EXPERIENCE

Project Coordinator (Intern) — Advanced Intelligent Multidisciplinary Systems (AIMS) Lab, IRIIC

United International University (UIU), Dhaka | Feb 2026 – May 2026 |

- Coordinated projects and facilitated effective communication among interdisciplinary teams.
- Assisted in proposal, tender, and budgeting preparations.
- Organized and participated in meetings, documenting and following up on key actions and decisions.
- Ensured project adherence to frameworks with proper documentation.
- Prepared and delivered project-related records, reports, and presentations.
- Provided administrative support and undertook additional project tasks as required.

PROJECTS

► **IUB News Portal** [GitHub ↗](#)

Tech: Next.js, TypeScript, Supabase, PostgreSQL, Tailwind CSS

- Developed a dynamic university news portal for publishing and managing campus news.
- Implemented content management and responsive UI for improved accessibility and UX.

► **Senior Mode – Accessibility Chrome Extension** [GitHub ↗](#)

Tech: TypeScript, React, WXT, Vite

- Built extension for elderly and visually impaired users with high-contrast mode, text scaling, link highlighting.
- Used DOM manipulation to override site styles; added unit and end-to-end testing for reliability.

► **Zero Print – Blockchain & AI Carbon Footprint Platform** [GitHub ↗](#)

Tech: Blockchain, AI Analytics, Web Technologies

- Built a platform to monitor and reduce organizational digital carbon footprint.
- Integrated blockchain for transparent data tracking and AI-driven analytics for sustainability insights.

► **GreenShield – Inventory & Post-Harvest Loss Management** [GitHub ↗](#)

Tech: DBMS, Web Technologies

- Designed a system for managing inventory and reducing post-harvest losses of perishable goods.
- Implemented real-time database management for tracking stock levels and product conditions.

TECHNICAL SKILLS

Frontend: HTML5 • CSS3 • JavaScript • Next.js • React • Tailwind CSS

Backend: Node.js • PHP • FastAPI

Databases: MySQL • PostgreSQL (Supabase)

DevOps & Tools: Git • GitHub • GitHub Actions (CI/CD) • TypeScript

UX & Accessibility: User-Centered Design • Accessibility Principles

AI/ML: Python • scikit-learn

Soft Skills: Communication • Leadership • Problem Solving • Teamwork

CERTIFICATIONS

2024 — CCNA: Introduction to Networks
Cisco

2025 — AI+ Prompt Engineer Level 1™
AgentX

2025 — Certificate of Participation
AgentX, NetCom Learning

CAREER INTERESTS

- Full-Stack Web Development
- Software Engineering
- Accessibility & UX Engineering
- Blockchain & Emerging Tech
- Corporate Technology Roles
